

France-Berkeley PHYSTAT Conference on Unfolding

Monday, 10 June 2024 - Thursday, 13 June 2024

Book of Abstracts

Contents

Welcome and Logistics	1
HEP overview (30'+15')	1
Statistics overview (30'+15')	1
ML overview (30'+15')	1
Binned ML methods overview (20'+20')	1
Unbinned Discriminative ML methods overview (20'+20')	1
Unbinned Generative ML methods overview (20'+20')	1
Performance / benchmarking (20'+20')	1
How to pick the regularization (20'+20')	2
Contributed talks	2
HEP summary	2
Statistics summary	2
ML summary	2
Closing of the meeting	2
Poster Session	2
Dealing with Uncertainties	3

1

Welcome and Logistics

Corresponding Authors: abutter@lpnhe.in2p3.fr, benjamin.philip.nachman@cern.ch, lydia.brenner@cern.ch

2

HEP overview (30'+15')

3

Statistics overview (30'+15')

Corresponding Author: mikael.kuusela@cern.ch

4

ML overview (30'+15')

Corresponding Author: tilman.plehn@cern.ch

5

Binned ML methods overview (20'+20')

6

Unbinned Discriminative ML methods overview (20'+20')

7

Unbinned Generative ML methods overview (20'+20')

8

Performance / benchmarking (20'+20')

Corresponding Authors: lydia.brenner@cern.ch, carsten.burgard@cern.ch

9

How to pick the regularization (20'+20')

Corresponding Author: lydia.brenner@cern.ch

10

Contributed talks

11

HEP summary

12

Statistics summary

13

ML summary

14

Closing of the meeting

15

Poster Session

Challenges / 18

Dealing with Uncertainties

Corresponding Author: kyle.james.read.cormier@cern.ch
