

GDB Introduction

Josep Flix [PIC/CIEMAT]

Mattias Wadenstein [University of Umeå]

GDB, 28th March 2024: **Hybrid meeting, ISGC**

Meeting summaries

The co-chairs try to take notes for the meetings, but sometimes we are busy running the meeting the notes can possibly be lacking (**in fact they are!**):

<https://twiki.cern.ch/twiki/bin/view/LCG/WLCGGDBDocs>

- if **you take notes, please share them with us**, so we can merge the information and make the summaries more complete
- We **record** the sessions **LIVE** as we integrate the videos into the agenda as well

→ All of the video uploads are up-to-date

pre-GDBs/GDBs organization

Please consider using pre-GDB lots to organize topical sessions!

Let Pepe and myself know if you have topics to bring to the thematic pre-GDBs or GDBs

Also, let us know if you would like things to happen/improve!

You can email us or use the **GDB mattermost channel**:

WLCG Workshop

Will take place 13-17th May, DESY Hamburg

Of great interest to GDB crowd: Discussion of the new WLCG Technical Coordination Board, how it should be organized and run, target audience, mandate, etc

Also in-depth discussions of DC24, WLCG operations, future directions, etc

Next GDBs

10th April - Testing a virtual, afternoon only GDB for a month with a light (but not empty) agenda

8th May - **replaced** by WLCG Workshop

12th June - regular GDB at CERN
