

SCINT 2001: 6th International Conference on Inorganic Scintillators

Friday, 21 September 2001

Scintillation mechanisms 2 (SM2) (08:30 - 10:00)

time	[id] title	presenter
08:30	[17] Study of optical and luminescent properties of some inorganic scintillators in the fundamental absorption region	MIKHAILIN, V
09:00	[18] Hartree-Fock calculation BaF ₂ : La systems	SOBOLEV, A
09:20	[19] Recombination processes in crystals of solid solutions of Ba _{1-x} La _x F _{2+x}	NEPOMNYASHCHIKH, A
09:40	[20] Energy transfer in ZnWO ₄ and CdWO ₄ scintillators	NAGIRNYI, V
