New Physics at TeV scale and precision electroweak (14:00 - 17:00)

time	[id] title	presenter
14:00	[89] Triple gauge couplings in gamma gamma and egamma interactions	JADRANKA SEKARIC
14:20	[90] SUSY one-loop contribution to W pair production	, Shinya Kanemura
14:40	[91] 3 Gauge boson production	, Michael Beyer
15:00	[92] Role of transverse beam polarization in constraining new physics	, Saurabh Rindani
15:20	[93] New Physics with e+ polarization	, G. Moortgat-Pick
