

# LCWS 2004

## Wednesday, 21 April 2004

### Higgs and EWSB (15:30 - 17:00)

time	[id] title	presenter
15:30	[120] High precision predictions for the MSSM Higgs sector	, Sven Heinemeyer
16:00	[121] Simulation of heavy SUSY Higgs Bosons	, Alexei Raspereza
16:20	[122] $M_A$ determination from h branching ratios with full parametric uncertainties	, Lidija Zivkovic
16:40	[123] Pair production of charged and neutral Higgs bosons at CLIC	, Arnaud Ferrari
