

Lund Small x Workshop

Friday, 7 May 2004

Saturation, multiple scatterings and diffraction - 1--3 (14:00 - 07:25)

time	[id] title	presenter
14:00	[10] AGK cutting rules	JOCHEN BARTELS
14:45	[12] Multiple Interactions in DIS from AGK rules	HENRI KOWALSKI
14:45	[14] Diffractive parton distributions and absorptive corrections to F_2	GRAEME WATT
15:10	[13] QCD rescatterings as a basis for soft color interaction	GUNNAR INGELMAN
15:25	coffee	
16:00	[15] Multiplicity of heavy quark pair in e^+e^- and the connection to BFKL and BK equations	PINO MARCHESINI
17:00	[16] Energy conservation in the Balitski-Kovchegov equation	GOSTA GUSTAFSON
17:30	[17] Low x evolution beyond BK equation	MICHAEL LUBLINSKY
18:00	[18] Modified BK equation	KRZYSZTOF KUTAK
18:15	[11] Other topics to be discussed:	ALL
19:00	Collaboration dinner
