

Agenda - Villars meeting 22-28 September 2004

Friday, 24 September 2004

Neutrinos - Session 2 (09:00 - 14:00)

time	[id] title	presenter
09:00	[121] The SPL and future "conventional" neutrino beams - Physics case	Dr GILARDONI, Simone
09:25	[127] Discussion	
09:30	[128] Beta beams - the Physics case for the various options	MEZZETTO, Mauro
10:00	[122] Discussion	
10:05	[123] Neutrino factory - the Physics case	BLONDEL, Alain
10:25	[124] Discussion	
10:30	COFFEE	
10:50	[129] SPL and Beta beams - machine aspects	Dr LINDROOS, Mats
11:20	[130] Discussion	
11:25	[131] Neutrino factory - machine aspects	HASEROTH, Helmut
11:50	[132] Discussion	
11:55	[125] Status of discussions for possible Frejus detectors	, Luigi Mosca
12:10	[126] Overall discussion and conclusions	DAVID L. WARK
12:30	LUNCH
