

HARD PROBES 2004**Sunday, 7 November 2004****Jets and High-pT Physics (14:30 - 19:00)**

| time | [id] title | presenter |
|-------|--|--------------------|
| 14:30 | [76] Jet quenching versus energy and from pp to Au-Au | , Carl Gagliardi |
| 15:00 | [78] Jets and high-p _T physics from PHENIX | , Brian Cole |
| 15:30 | [79] Summary of high-p _T physics with PHOBOS | , Gunther Roland |
| 16:00 | Coffee Break | |
| 16:30 | [77] Jet production in pQCD: theory vs. data | , George Sterman |
| 17:10 | [80] Rescattering effects in p-nucleus and heavy-ion collisions | , Qiu, J |
| 17:55 | [81] Recent advances in the CGC | , Edmond Iancu |
| 18:25 | [82] High-p _T particle suppression in nucleus-nucleus collisions from SPS to RHIC | , David d'Enterria |
