

HARD PROBES 2004**Monday, 8 November 2004****Jets and High-p_T Physics (09:00 - 16:30)**

time	[id] title	presenter
09:00	[83] Medium effects on jets and their energy dependence	, Henner Buesching
09:30	[87] Learning about jet physics from high-p _T correlations	, Dan Magestro
10:00	[88] High-p _T in the forward region with BRAHMS	GAARDHOJE, Jens-Jorgen
10:30	Coffee Break	
11:00	[89] Hard scattering, small x gluons and p _T behavior	, Al Mueller
11:40	[90] Parton energy loss	WIEDEMANN, Urs
12:20	[86] Jet suppression in a percolation model	JORGE DIAS DE DEUS
13:00	Lunch Break	
14:15	[91] Quenching of hadronic spectra	, Xin-Nian Wang
15:00	[84] Parton recombination at all p _T	HWA, Rudy
15:30	[85] Jet fragmentation and baryon production	, Barbara Jacak
16:00	Coffee Break
