

HERA - LHC workshop working group week

Thursday, 20 January 2005

WG1: Parton Density Functions - 40-SS-A01 (09:30 - 12:00)

time	[id] title	presenter
09:30	[18] Resummed parton distributions from neutrino data	GENNARO CORCELLA
10:00	[19] Preasymptotics in small-x splitting functions	GAVIN SALAM
10:30	[20] The longitudinal structure function at third order	SVEN MOCH
11:00	[21] Discussion
