

SC2 organizational matters

4.6.2004

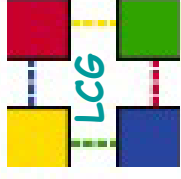

M.Kasemann

SC2 godparents

- Each LCG area would have a team of godparents assigned.
- The role of the godparents is to be well informed of the work in the area.
 - ◆ They should facilitate the organization of the SC2 meeting dealing with the area.
 - ◆ They should be the main responsible for the analysis of the corresponding progress report.
 - ◆ Being informed and reviewing the adoption and usage of experiments of the corresponding products and services should also be part of the assignment.

SC2 godparents

- I followed your preferences as much as possible, for those who didn't send anything I filled empty spots on the map. Here is my proposal for the godparentships:

AA:

JJ.Blaising,
Gerhard Raven,
Paris Sphicas

FA:

Wisla Carena,
Marcel Kunze

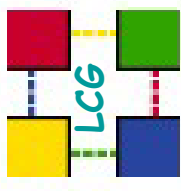

MW+ARDA:

Tony Doyle,
Jim Shank

GDA:

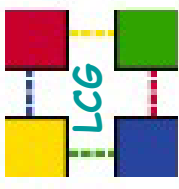

Lothar Bauerdick,
Fairouz Ohlsson-Malek,
Federico Ruggieri

SC2 future meetings

- ◆ August 13: quarterly report discussion
 - Reserve 45' for ARDA, scheduling conflicts for today
 - ◆ August 31: dedicated to Grid deployment
 - ◆ November 12: quarterly report discussion
 - ◆ December 3: CERN Fabrics area
-
- ◆ Apologies and mea culpa for the minutes: in my inbox...

SC2 today: Middleware

- presentation of requirements,
- presentation of workplan, milestones,
- presentation of manpower situation
- open questions
- achievements
- constraints from experiments, project partners,
- relation EGEE - LCG, deliverables to each
- concerns and risks
- present what was written in the last status report
- indicate what will be written in the next status report
