- **One after that, 5-6 July**
  - Agenda to be fixed 2-3 weeks before

- **http://grid-it.cnaf.infn.it/workshop/**

- **Bologna 24-26 May**

- **Programme includes "Fabric management and monitoring"**
  - But excludes Network Monitoring

- **We could address this shortcoming with a short talk:**
  - Plans to deploy WP7 as reference implementation
  - Volunteer to fit NM-WG webservice to existing frameworks
  - MJRA4.3 demo

- **If I arrange to invade the programme, and co-author the talk, can I have a volunteer to attend and deliver?**

- **The idea is to instrument CERN-Tier1 sites for EGEE-1**
  - Enough?

  - A bit about BAR

- **Unfortunately coincides with one of three sessions on Network Monitoring**
  - Nicolas
