

- **Purpose of the BAR client**
 - Demo a BAR service – where/when ?
 - System test a BAR **service** – use unit test of the BAR client
- **Command line client**
 - Pros: Quick to develop
 - Cons: Harder to get user feedback, less impressive in as a demo
- **GUI client**
 - Pros: Easier to get user feedback.
 - Cons: Takes more effort to develop

- **Scope of BAR client – Florian.**
