

Grid Computing for Complex Problems, Slovakia

Wednesday, 30 November 2005

session 3 (09:00 - 13:25)

time	[id] title	presenter
09:15	[19] Mediterranean Grid of Multi-Risk Data and Models	MIROSLAV DOBRUCKY
09:45	[20] Grids and User Applications	VIERA SIPKOVA
10:20	[21] Job management in the LCG-type Grid	MIROSLAV DOBRUCKY
10:50	[22] IEPAS-Kosice: experiences in running LCG site	MARIAN BABIK
11:15	coffee break	
11:35	[23] Latest advances in fully coupled thermal structural calculations using finite element method (FEM) with new energy conservation equation	LADISLAV ECSI
12:05	[24] Simulation of Data Flow Architecture in Parallel environment	MAREK STRAKA
12:30	--lunch--
