•* Recruiting extra 2 people *

- UKI ROC helpdesk integration uses Footprints - closed-source commercial product via another RAL dept
- Fully synchronised interface went live 23rd January 2006
- Has handled 209 since January
- Most problems have been due to with GGUS, FP, bugs or the network.
- Needs changing frequently due to site name changes and rule alterations
- Support issues, need to add more rules, recruit ticketing person, smooth out alerts/reminders, interface with RT at ie and RAL Tier1, who closes tickets?, COD tickets not closed
